

8 September 1983

MEMORANDUM FOR: Deputy Director for Administration
FROM: Daniel C. King
Director of Logistics
SUBJECT: Report of Significant Logistics Activities for
Period Ending 8 September 1983 [redacted]

25X1
1. Progress Report on Tasks Assigned by the DCI/DDCI:

No tasks assigned during this reporting period. [redacted]

2. Items or Events of Major Interest that have Occurred During
the Preceding Week:

a. New Building Planning: On 6 September, a meeting was held with Federal Highway representatives. While the meeting covered all aspects of the road and transportation issues facing the Agency, the significant revelation was that improvement of the Parkway acceleration lane is now estimated at \$700,000. The initial estimate of last year was \$150,000. While the Agency has agreed to fund the improvements, room is available for some negotiation that should reduce the total cost. The cost will be significantly higher than originally projected. [redacted]

SUBJECT: Report of Significant Logistics Activities
for Period Ending 8 September (U)

c. Test and Inspection of Communications Equipment at

25X1
25X1 Two packaging specialists spent five days TDY at the [redacted] to inspect and repack, as necessary, 18 racks of SC-3 communications equipment which was not export-packed properly by the manufacturer. Two of the racks were covered with mildew and were serviced by the Office of Communications' (OC) technician who accompanied the packaging specialists. Several racks were found improperly packaged by the vendor as desiccant had not been included within the barrier materials. After the inspection of all racks was completed, the packaging specialists prepared the 18 racks for export in conformance with military specifications. The TDY trip was prompted by [redacted]
25X1 [redacted] upon receipt of an improperly packaged SC-3 terminal. [redacted]

3. Significant Events Anticipated During the Coming Week:

25X1 None.
